How to 'Pay Yourself First' with Nethris^{MD}

Happy National Payroll Week! Because NPW is all about celebrating what you do, we want to help build awareness of your role and the many ways you can contribute to your organization.

Nethris and the CPA are here to make you an NPW Superhero, by enabling you to demonstrate that PAYROLL HAS THE POWER to help employees become financially healthier!

CPA research consistently shows that 50% of Canadians are living pay cheque to pay cheque. That's why it's critically important that employees are paid accurately and on time. The CPA's NPW message to working Canadians is "Pay Yourself First" by automatically saving at least 10% of your earnings through payroll deductions.

Here is an easy tool to share with your employees on how they can better leverage Nethris to help them do just that!

Too many Canadian families are riddled with concern when electricity bills, mortgage payments and line of credit payments pile up and fall behind. In 2017, the country's household debt ratio was close to 170%.

Under these circumstances, putting money aside is not a priority for most people. The good news is that you can help your team by becoming a savings ambassador, thanks to Nethris payroll services.

Encourage your colleagues to offset the unexpected by setting a fixed amount or a percentage of their wages to be deposited into a savings account, each payday. With Nethris, it is possible to deposit wages into three different Canadian bank accounts, regardless of the institution.

Some members of your team would rather save money for retirement? Convert a portion of their pay into RRSP contributions.

Contribute to the financial health of your team members and increase their level of satisfaction. Contact a Nethris payroll expert to learn more about these features that help to make saving money a realistic goal.
